1996 CESSNA CITATIONJET

SERIAL NUMBER 525-0127

THE EPITOME OF PRIVATE AVIATION

Few jets and no turboprops deliver the speed and efficiency of a CitationJet with such miserly fuel consumption. Built on the extensive legacy of the Citation line, the CitationJet provides jet performance with the financial impact of a turboprop.

The CitationJet offers exceptional performance, comfort, and economy that rivals that of popular turbo-prop competitors. Carrying four people, it can depart from a 3100-ft runway and fly more than 1000 miles, cruising two miles higher, and arriving at the destination 51 minutes ahead of a King Air B200. On a typical 575-mile trip, the CitationJet still operates for less cost than a King Air B200 while saving nearly 30 minutes travel time.

The CJ is a unique blend of economy and agility and is the ideal entry aircraft for anyone considering private aviation.

HIGHLIGHTS
