SERIAL NUMBER RK-586

EBROCHURE

CRAFTED FOR BALANCE

Perfect Balance of Efficiency & Comfort

Built as an improvement over its predecessor, the Beechjet 400, the Hawker 400XP is a comfortable cabin experience for the light jet class that balances excellent performance with low operating costs. The aircraft can carry passengers over 400 KTAS for nearly 1600NM and boasts the fuel-efficient Pratt & Whitney JT15D-5 turboprop engines. The short field performance makes it accessible to thousands of airports.

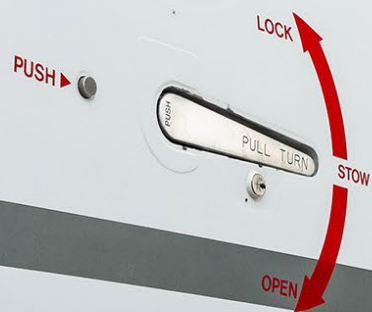

In addition to a flat floor and versatile seating, passengers have access to interior baggage that is both heated and pressurized. The 400XP also boasts a sizable external baggage compartment. This blend of efficiency and comfort makes the Hawker 400XP an excellent choice in the light jet market.

The image shows the interior of a private jet cabin. Two leather seats with a quilted pattern on the backrests are positioned facing each other. A table is attached to the left seat. The cabin has oval windows and recessed lighting. The text "TURNKEY OPERATIONS" is written in a large, blue, sans-serif font, and "Part 135 Managed & Ready" is written in a smaller, blue, italicized font below it.
