

# N933W 1930 Stinson SM-7B s/n M3006

# SPEC SHEET

#### Aircraft Description:

Step into the enchanting world of vintage aviation with the exquisite 1930 Stinson SM-7B built for E.L Chord. This meticulously restored and modernized aircraft epitomizes the grace and elegance of the golden age of flying. Its sleek lines and polished exterior are a tribute to the masterful craftsmanship of a bygone era. With its spacious cabin adorned in luxurious Mohair and roll up windows, that mirrors the interior of E.L. Chords Automobiles. The powerful radial engine ensures a thrilling and reliable performance, while its historical significance as a versatile aircraft adds to its allure. Don't miss your chance to own this extraordinary piece of aviation history and soar through the skies with unmatched style and prestige. The seller will include a fresh annual upon reserve being met.
