### Aircraft Description:

We are proud to introduce this beautifully restored, 1945 Grumman Widgeon. Restoration performed by the legendary George Pappas who was inducted into the Alaska Aviation Hall of Fame in 2015. Originally built for the U.S. Navy, less than 50 currently flying, restored by a Hall of Fame Inductee, this truly is a piece of aviation history. Don't miss your chance to soar the skies in style with this iconic aircraft.
