Aircraft Description:

Introducing this 1962 Piper Cherokee 160, having only two owners in 40 plus years. Proving it is a classic, dependable aircraft perfect for new pilots and seasoned aviators alike. With its 160-horsepower Lycoming engine, this Cherokee offers smooth, predictable handling and excellent fuel efficiency, making it an ideal choice for training or leisurely cross-country flights. Its straightforward design and low operating costs ensure easy maintenance and affordability. The roomy cabin provides comfort for up to four passengers, making it a versatile option for personal or family use.
