2003 CESSNA | 172S

Introducing this 2003 Cessna 172S offers modern reliability and performance in one of the most trusted airframes in general aviation. Equipped with the powerful Lycoming IO-360 engine, it delivers 180 HP for strong climb rates and smooth cruise performance. Featuring updated avionics, seats, and paint. This 172S is perfect for both training and cross-country flying. It's a turn-key solution for flight schools, time-builders, or private owners looking for a capable, efficient, and well-maintained aircraft.
