# THE HANGAR

A LONE MOUNTAIN AIRCRAFT COMPANY

## 1980 BEECHCRAFT C23 SUNDOWNER

This well-equipped 1980 Beechcraft C23 Sundowner offers a comfortable and capable four-seat platform with modern avionics upgrades. With 1,855 hours total time and 751 hours since major overhaul, this aircraft has been hangared and well cared for, featuring a refurbished interior and excellent ramp appeal with LED lighting. The panel is highlighted by a Garmin G3X (10" display), Garmin G5, and GFC 500 autopilot, delivering modern situational awareness and flight stability, along with ADS-B compliance. The current owner has enjoyed this aircraft for the past few years but is no longer flying as frequently and is ready to pass it along to its next happy home. A great opportunity to own a classic, spacious trainer and cross-country aircraft with significant avionics investment already completed.

# AIRFRAME, ENGINE & PROP

---
