AIRCRAFT BIDDER

2022 CIRRUS SR22

We are pleased to offer this special Cirrus SR22 with a Force Aeromotive Supercharger that will perform like later model turbo's without the expense! Upgraded DFC90 autopilot, GTN650, a 430W, and an Aspen PFD make this ready for all types of flying. N924CD is currently sitting in a hangar in Austin Texas where the authorized Cirrus Service Center just signed the annual off. The current owner is very meticulous in nature and has owned many aircraft over the years – age has caught up and it is time for N924CD to go to another hangar! Always hangar kept, attention given at all times, and with good maintenance pedigree.

Please visit www.AircraftBidder.com for more information.
