Buying and selling a personal or corporate aircraft can be an overwhelming process. It requires a thorough understanding of market conditions, aircraft availability, costs, maintenance expectations, and the documentation required to pass a clear title from one entity to another. Since 1967, clients have sought to partner with Eagle Aviation. Through the years we have assembled a team of aircraft sales, research and support personnel who devote all of their time making certain they are in constant contact with the world market. Eagle has worked hard to become a leader in pre-owned aircraft sales and we would love to partner with you on your next aircraft journey.

EAGLE AVIATION IS AN ACCREDITED DEALER WITH IADA

The International Aircraft Dealers Association is a professional association of aircraft dealers, brokers, and business aviation support service companies that conduct business in more than 100 countries.

The association began in 1991, when eight of the country's leading aircraft dealers determined that aircraft buyers and sellers desired the highest level of ethics, experience, standards, and trust in their transactions. The organization later established a rigorous accreditation process to complement its 14-point code of ethics that guarantees they will always conduct themselves honorably and represent the best interests of their clients.

Today, fewer than 7 percent of the 730 aircraft dealers worldwide have earned this prestigious accreditation from IADA, which continues its constant presence around the world and international expertise in pre-owned aircraft sales.

“Shopping for my first airplane was a difficult task. So many planes, so many problems. After reaching the conclusion that there are no bargains in this market, I inquired about a plane being advertised by Eagle Aviation in Columbia, SC. Ralph Lacomba was fair to all bidders, communicated quickly and honestly about the plane’s details and equipment. After quickly deciding upon a price acceptable to all, he arranged for a very experienced pilot to deliver the plane to my airport for a pre buy inspection by my mechanic. He followed up on every detail even after the sale. Buying my first airplane turned out to be an exhilarating experience thanks to Eagle Aviation and Ralph Lacomba; I would recommend anyone shopping for a plane to check their inventory first.”

- Elizabeth L.
