

2021 Aviat Husky A-1C 200 (N285KY)
S/N 3373

**SPEC
SHEET**

Do not wait, get in a nearly new, low-time, high-spec, one-of-a-kind Husky A-1C with upgraded 200hp Lycoming engine and an impressive avionics panel with ample redundancy for the safest and most fun IFR and STOL flying. AND there are nearly 2 years remaining on the Aviat Inc. factory warranty.

This lovingly cared for STOL aircraft has had no expense spared – 29" Bush Wheels with extended landing gear, Alpha Systems AOA indicator, shimmer paint and two-tone leather interior. This on top of the big time 200hp Lycoming engine, wing power-port and the incredible IFR panel with the latest of Garmin avionics – Garmin 500 TXi Touch Screen, Garmin 750 Nav/Com GPS, GMA 35C Bluetooth-enabled audio panel, GTX 345R ADSB Remote Transponder and two plugs for your noise-cancelling headphones.

For European buyers, tailwheel conversion training is available, as well as an introductory flying to short-takeoff and landing (STOL) operations.
