

1967 Cessna R172E T-41B/ SUPERXP (N90252)
S/N R1720191

**SPEC
SHEET**

Take a look at this unique aircraft – a historic plane great for flight training or as a personal aircraft! With 210HP, this airplane has great performance and is complimented with a modern avionics panel installed with a Garmin 650 WAAS GPS & Autopilot.

Similar to the much-loved Hawk XP, the T41B (R172E) also sports a heavy-duty landing gear and has 914 lbs of useful load. Logbooks commence on 11/1973 at 3015.2 total time. Prior to this, the aircraft was used in the Army as a lead in aircraft trainer.

Low rates and flexible term financing is available, so call us today to learn more about this and any of our other fine aircraft available for sale!
