2010 CIRRUS SR20 G3 (N593PU)  
S/N 2040

**SPEC  
SHEET**

Lone Mountain Aircraft is pleased to bring this very well equipped and maintained Cirrus SR20 Generation 3 to market. N593PU served with Purdue University until early 2021 where it was bought by a local private individual. N593PU is equipped with options not normally seen on a 'fleet' SR20 including 12" screens, active traffic, XM Weather, GFC700 autopilot and even the EVS camera! A Continental reman engine was installed in early 2020 and now has 925hrs since – lots of life and flying to go! Great opportunity to step into a Perspective equipped Cirrus with a lot of time remaining on life limited parts, engine and prop! Many high-res photos and scanned logbooks are available upon request.
