2011 Gippsaero GA8 Airvan (G-CSPT)
S/N GA8-TC 320-11-161

**SPEC
SHEET**

Lone Mountain Aircraft is pleased to bring this meticulously maintained Turbocharged GA8 Airvan to market. The Airvan is known for being a versatile workhorse for aerial surveying, cargo transport, skydiving operations, sightseeing and many other applications. This aircraft has spent most of its life as a formation camera ship for warbird pleasure flights. It has only been flown by professional pilots in this role and has been maintained to stringent EASA/CAA commercial standards. It has no damage history and is supplied with a freshly overhauled prop ready to give her next operator years of service.

Discounted worldwide ferry options are available.

Lone Mountain Aircraft • Atlanta - Las Vegas - Dayton - Chicago - Knoxville - Lincoln - London
