PHENOM 300E

The Phenom 300E is the redesigned and modernized version of the ever-popular Phenom 300 aircraft from Embraer. A light jet cabin category jet with cabin seating for up to 8 passengers with the sidedivan option, the plane features a modernized cabin with enhanced creature comforts and styling compared to its predecessor. With a maximum range of 1,970 nautical miles, the plane can reach any two points in the United States with just one stop. This fully-custom and meticulously maintained 300E features options both from Embraer's US specification and international, appealing to both markets.

PHENOM 300E – N30NB
