As good as factory new. This pristine Waco built Great Lakes attracts attention at every airport. Custom paint and classic lines look like it just rolled off factory floor. Only thing better than looking at this Great Lakes is flying it. Comfortable flying with Leather seats or custom seat pack parachutes. Nothing more enjoyable for a sunset flight in an open cockpit or easy aerobatics. The Great Lakes Sports Trainer lands gently on forgiving Oleo struts and is as comfortable flying a slow roll or Cuban Eight as straight and level.
