Lone Mountain Aircraft is excited to present this incredibly upgraded SR22. With a Garmin G500TXI panel that will rival many corporate jets this is a unique opportunity to move into an aircraft that has some remarkable capabilities. The touchscreen panels give crystal clear PFD/MFD capabilities including engine monitoring. It also boasts an upgraded autopilot, inflight weather, texting and calls via Iridium and enough USB chargers to keep you and your passengers entertained no matter how long the flight. On top of the outstanding panel upgrades
