Annual Inspection Just Finished! UNIQUE opportunity to own a rare & hard to find EA-400! This is a versatile, high-wing pressurized 6-seater. N65LL has a nice list of equipment upgrades plus the performance of a 1,270 (SNEW) Continental engine. The EA-400 was a truly clean-sheet design from Extra – it simply looks fast just sitting on the ramp! For a brand that has its roots in aerobatic flying and competition flying, the EA-400 is a tremendous competitor in the 6-seat cabin space that retains the nimble characteristics of other Extra Aircraft. Scanned logbooks & additional photos are available. Low rates and flexible term financing is available, so call us today at 1-888-566-3686 to learn more about this and any of our other aircraft available for sale!
