

Lone Mountain Aircraft is pleased to bring to market N5150K, a stunning 2012 Cessna 208 Caravan with all the right options! The recent exterior paint sports a striking and bold scheme with Black, Silver and White with a matching black set of landing gear that will be sure to turn heads. On the inside you will find a total of ten seats in the commuter style layout with a black diamond floor and including an extended baggage compartment for additional storage space! 50K is equipped with the Garmin G1000 avionics suite with optional features including Synthetic Vision, Active Traffic, XM Weather, Active Weather Radar and more! Just a few of the additional upgrades & features include Single Point Fueling, Amphib Prep, Gravel/Mud Flaps, APE Payload Extender and STOL Kit. Together with the low time Engine & Prop make N5150K a great value and ready for the next adventure. Please inquire for many more high-resolution photos, CAMP report and more.
