

Looking for a fully upgraded Cessna Skylane? Look no further than N2435C! 35C underwent a major avionics upgrade with a well-known Garmin shop just a couple years ago. Installed was a full Garmin panel with the G3x Touch Screen, GTN750Xi, Garmin GFC500 Autopilot with ESP and Safe Glide, GTX 345 Transponder, G5 Back Up, XM Weather, CiES Fuel Senders and much more. No more Vacuum system in this Skylane! New metal panel provides a clean factory look with great lighting for those evening flights. USB A&C Outlets, panel headset power for the crew, Rosen Sun Visors & more. On the outside you'll notice all Whelen LED lights, Knots2U nose fairing & Reiff Engine heater. Please inquire for more High-Resolution Photos and scanned logbooks.

1999 Cessna 182S Skylane (N2435C)  
S/N 18280644

## SPEC SHEET

888-LONEMTN (566-3686)
