N5886M is ready for the next adventure! A fresh October 2025 Annual makes this Garmin Perspective SR20 ready to take advantage of newly passed tax savings for a potential 100% Depreciation in year 1! 86M is a prime example of a Generation 3 SR20 with a lot of Midwest pedigree. A factory remanufactured engine was installed in 2019 and will provide a lot of good flying time to come. The CAPS was completed by APG in Punta Gorda, FL and next due in 2033! The Garmin Perspective avionics are tied to the powerful Garmin GFC700 autopilot that include Electronic Stability & Protection. Other features including Synthetic Vision Technology, XM Weather/Audio, Electronic Charts, Active Garmin Traffic and more! Stay comfortable with factory installed Air Conditioning and safe with AmSafe seatbelts. More high-res photos and scanned logbooks are available upon request.
