BEECHCRAFT | KING AIR 200

Discover this 1979 Beechcraft King Air 200, N316GC, a meticulously-maintained turboprop that blends classic King Air charm with modern upgrades. Boasting a low total time of 9,485 hours for its age, this aircraft features a fully modernized cockpit with Garmin GTN 750/650 avionics and WAAS/LPV capabilities for navigation and safety. Raisbeck upgrades, including ram air recovery, dual aft strakes, enhanced leading edges, and high float landing gear, elevate performance and efficiency. The freshly refurbished interior seats eight in executive comfort with club seating, wood cabinetry, dual tables, and a belted aft lav, complemented by a striking white exterior with blue and gold trim. Recent phase I-4 inspections (Feb 2025) and a quiet flight acoustics STC ensure this King Air is in top condition, ready to deliver reliable, luxurious performance.
