Lone Mountain Aircraft is proud to present this UK based Cirrus G1 SR22. This well cared for aircraft offers an affordable entry into "The Cirrus Life" with TKS anti-ice, a high useful load, Aspen Evolution PFD paired with Avidyne MFD and of course the Cirrus Airframe Parachute system, CAPS. It has come out of an extensive November 2025 annual. This aircraft represents a solid and desirable early SR22 configuration, offering excellent performance, safety, and comfort.

Embark training available for owner pilots who qualify.
