N527DM is a 2021 Turbo Stationair HD with plenty of useful load to put the large aft cargo doors and turbocharged engine to good use! This T206HD (heavy duty) has the latest G1000 NXi avionics with the GFC 700 autopilot, factory electric air conditioning, 6-place built-in oxygen, XM, Synthetic Vision, and much more.

With five flexible seating configurations, you can remove and fold down seats for optimal space. This aircraft has had one owner since new, always hangared, & complete logs. The rear back bench is available in great condition and is sold with the aircraft. Please note that the tail number is in the process of changing to N527DP.

Low rates and flexible term financing is available, so call us at Lone Mountain Aircraft today at 1-888-566-3686 to learn more about this and any of our other aircraft available for sale!
