We are proud to bring to market N944EA, a 2020 TBM 940 with all the right avionics options Including HomeSafe and Autothrottle! The capability of 330kts, 1500nm+ range and operating from short fields matched with the incredible cockpit suite of Garmin G3000 tied together with the latest safety features of Auto-Ice Detection, Emergency Descent Mode, and Electronic Stability & Protection make the TBM 940 one of the most desirable aircraft in the segment. If you are looking for great value in a fully equipped, highly looked after TBM this is it.

Additional high-res photos and complete logbooks are available upon request
