2019 EMBRAER LEGACY 500

SERIAL NUMBER 55000048

MODERN COMFORT, SPEED, RANGE & EFFICIENCY

The Embraer Legacy 500 is a super mid-size jet built by Brazilian aircraft manufacturer Embraer. The aircraft has been in production since 2014 with over 100 of the EMB550 Series aircraft being produced to date.

The aircraft has configurations to carry up to 12 passengers, and can carry eight passengers over 2,900 nautical miles, or four passengers over 3,100 nautical miles. The Legacy 500 was the first jet in its size category to feature fly-by-wire control, which enhances safety and comfort.

The cabin is spacious, aesthetically pleasing, and thoughtfully designed. Comfort is a top priority, and passengers have plenty of amenities to enjoy via optional upgrades including: a full galley with, oven, microwave & coffee machine; cabin management technology that features entertainment at the click of a button; luxurious seating arrangements; and finally, a full, private lavatory that boasts incredible space.
