SERIAL NUMBER 560-5193

LIGHT JET ECONOMY MEETS MID-SIZE COMFORT

The Citation Excel allows you to experience the comfort of the mid-size class without sacrificing the economy and mission of a lighter jet.

The aircraft cruises at nearly 500 mph. With a range of 1700 nautical miles, it will travel farther than most light jets and without time-consuming fuel stops. The added range does not compromise on short-field performance, allowing you to take advantage of many more airports. Climb to 43,000 ft in 20 minutes to soar above wind and weather.

The spacious cabin offers the same width and height as the Citation X. The cavernous baggage hold boasts over 80 cu. ft. of storage for luggage, skis, or golf clubs.

The Citation Excel is built to meet your mission with speed, versatility, and efficiency.
